+ Led Walks & Pop-up Picnic Fair

FREE

Fast-paced, inspiring, thought-provoking, short talks from **over 20 activists, adventurers, artists, authors, photographers, growers, and more**. Let's dream the possible as we explore the power of asking "**What If...?**" in partnership with Conway Hall.

Adventure with Dwayne Fields and Phoebe Smith who will ask "**What if** everyone believed they could be an adventurer?" as they plan their #WeTwo Antarctic Expedition.

As London becomes the world's first National Park City, let's explore new futures asking **What if...** we stopped doing selfies & did photography instead? **What if ...** you are a super-hero? **What if...** London were a forest? **What if...** the Trafalgar Square fountains were wildlife ponds? **What if...** we all took small acts of defiant beauty? **What if...** we acted on Climate Change in London every day? **What if...** we told more real stories (not fake news)?
